DERMASTA® Functional Skin Care

FUNCTIONAL SKIN CARE PROGRAMME

MAINTAINING THE YOUTHFUL, SMOOTH AND SUPPLE SKIN

First, it is essential to understand the skin's optimal 28-day renewal cycle, during which new skin cells regenerated from the deepest layer move to the epidermis. Therefore, the youthfulness of the skin depends on the regeneration cycle. Second, you need to have enough collagen and elastic fibers for the skin. Collagen and elastic fibers are lost along photoaging and aging, resulting in loss of elasticity and wrinkles.

EFFECTIVE INGREDIENTS TO IMPROVE SKIN RENEWAL CYCLE AND EXTEND VITALITY OF SKIN CELLS

DERMASTA® Functional Skin Care Product uses effective ingredients to play the best functional effect on the skin :

Deeply slough off dead skin cells, leaving your skin soft, smooth and bright

Maintain a healthy skin regeneration cycle

Improve the synthesis of collagen and elastic fibers

Possess deep penetrating ability to carry the nutrients to the dermal and hypodermal layers

Plant stem cells help stimulate skin stem cells to enhance skin regeneration

Protect skin cells from free radical damage

Anti-inflammatory & antibacterial

Similar to pH value of skin

DERMASTA[®] FUNCTIONAL SKIN CARE

4 MAIN INGREDIENTS

BENEFITS OF ALOE BARBADENSIS LEAF EXTRACT:

- Rich in antioxidants which could protect the skin from the free radical damage, rewinding the signs of aging
- Rich in amino acids which are the building blocks of new cell formation
- Lignin in the Aloe Vera could effectively penetrate skin tissue and bring nutrients down into the deep layers of the skin
- Anti-inflammatory and anti-bacterial properties help improve skin problems such as acne, allergy and eczema

BENEFITS OF VARIOUS PLANT STEM CELLS:

- Utilizes plant stem cells to protect vital skin cells so as to slow down aging
- Shields skin against aging induced by time and UV lights, extends cellular vitality and maintains long-lasting, youthful beauty

BENEFITS OF NATURAL PEPTIDES:

- Helps promote collagen synthesis
- Helps diminish fine lines and improves firmness, leaving skin looking younger and smoother

BENEFITS OF AHAS FROM MIXED NATURAL FRUIT EXTRACTS:

- Natural antioxidants protect skin cells from free radical damage, rewinding the signs of aging
- Softens and sloughs off dead skin cells to prevent pores from clogging
- Ultrafine particles with excellent penetrating properties; stimulate skin stem cells and collagen synthesis and enhance skin elasticity
- Infuses skin with deep hydration and helps strengthen skin's moisture barrier

★ Skin Transformation — from metabolism and activation to regeneration and repair takes time, consistent use for at least 3 to 6 months is recommended to fully restore a youthful, smooth and supple skin.

PURIFYING CLEANSING GEL

20 Main Ingredients

Aloe Barbadensis Leaf Extract(Stabilized Aloe Vera Gel), Orange Peel Essence, Lemon Peel Essence, Grapefruit Essence, Apple Essence, Honeydew Melon Essence, Cucumber Essence, Lime Essence, Cranberry Essence, Citrus Essence, Vanilla Essence, Yuzi Peel Essence, Tangerine Peel Essence, Citric Acid, Cardamom Seed Essence, Sandalwood Essence, Mint Essence, Rose Essence, Ylang-ylang Flower Essence, Tea Tree Essence

Benefits

- Softens and sloughs off dead skin cells to prevent pores from clogging
- Helps alleviate acne by balancing oil secretion and unclogging skin pores
- Anti-inflammatory and anti-bacterial, helps maintain healthy skin
- Infuses skin with deep hydration and helps strengthen skin's moisture barrier, leaving skin glowing
- Gentle and non-irritating, suitable for all skin types

Directions

Double cleansing: after cleansing your hands, place small amount on palm with lukewarm water to make a rich lather. Gently massage lather onto face and then wash off with lukewarm water, and repeat.

- ✓No Skin irritation
- ✓No Artificial Flavor

20 Main Ingredients and Functions

Ingredients	Functions
Aloe Barbadensis Leaf Extract (Stabilized Aloe Vera Gel)	Rich in antioxidants and amino acids which are the building blocks of new cell formation ; helps stimulate skin stem cells to enhance skin regeneration
Orange Peel Essence	AHAS FROM MIXED NATURAL FRUIT EXTRACTS : Natural antioxidants protect skin cells from free radical damage, rewinding the signs of aging Softens and sloughs off dead skin cells to prevent pores from clogging Ultrafine particles with excellent penetrating properties; stimulate skin stem cells and collagen synthesis and enhance skin elasticity Infuses skin with deep hydration and helps strengthen skin's moisture barrier
Lemon Peel Essence	
Grapefruit Essence	
Apple Essence	
Honeydew Melon Essence	
Cucumber Essence	
Lime Essence	
Cranberry Essence	
Citrus Essence	
Vanilla Essence	
Yuzi Peel Essence	
Tangerine Peel Essence	
Citric Acid	
Cardamom Seed Essence	When used, it releases a light, natural, and elegant fragrance. It feels hydrating and refreshing on the skin.
Sandalwood Essence	
Mint Essence	
Rose Essence	
Ylang-ylang Flower Essence	
Tea Tree Essence	

FACE LIFT ACTIVATOR

2 Main Ingredients

Aloe Barbadensis Leaf Extract (Stabilized Aloe Vera Gel), Allantoin

✓No Skin irritation

✓No Artificial Flavor

Benefits

- Stimulates the regeneration of dermal cells and thus enhances skin firmness
- Possesses deep penetrating ability to carry the nutrients to the dermal and hypodermal layers
- Anti-inflammatory and anti-bacterial which could help improve skin problems such as acne, allergy and eczema
- Retains moisture, leaving your skin softer and smoother with radiant glow
- Gentle and non-irritating

Directions

Wash face thoroughly with the Purifying Cleansing Gel, equally spray the Face Lift Activator on the face and neck or use cotton pads to pat over the face and neck.

Cautions

*Close your eyes while spraying.

*Natural Aloe Barbadensis Leaf Extract has effective penetration so you may feel a slightly tingling sensation. It is normal and will subside in a few minutes.

2 Key Ingredients and Functions

Ingredients	Functions
Aloe Barbadensis Leaf Extract (Stabilized Aloe Vera Gel)	Rich in anti-oxidant and amino acids, provide source for renewing skin cells. High penetration would bring a variety of natural nutrients to the bottom of the skin layers.
Allantoin	Stabilizes the skin barrier function, allowing it to retain moisture and create a plumping effect.
